

# FINGERING CHART

## ELECTRIC BASS

### Instrument Care Reminders

- Be sure your amplifier is turned off before plugging-in or unplugging the audio cable connecting it to your instrument.
- When unplugging a cable, hold it by the plug (not by the wire).
- After playing, wipe off the instrument and strings with a clean soft cloth. Return the instrument to its case.
- Close all the latches on your case when the instrument is inside.
- Keep all 4 strings in tune (at normal tension) to prevent warping of the neck.
- Your case is designed to hold only specific objects. If you force anything else into the case, it may damage your instrument.

Fingerboard diagrams show you where to play the notes. Circles on the diagram indicate which finger to use.

Think of your fingers as being numbered 1 through 4.
